JA Programs Event Volunteer Position Description

JA (Junior Achievement) is an international not-for-profit organization supported by local business and organizations. JA delivers a variety of business, entrepreneurial and life skill programs to students throughout the country at no cost to students or school boards. JA programs provide youth with relevant education, the opportunity to learn about business first hand and contribute to increased self-confidence and self-sufficiency.

JA programs are delivered by hundreds of dedicated volunteers who bring their professional experiences into the classroom to help students connect program concepts with real-life situations. Volunteers use a mix of hands-on activities, discussions and digital learning to engage students and ensure they retain and use what they learn. With their help, students gain the knowledge and confidence they need to define their personal success and go after their dreams.

Everything we do is funded by the generous businesses, community groups, sponsors and donors, who provide us with the critical funding needed to develop and deliver our programs. With the help of valuable community partners, we are committed to growing JA in every community we serve and increasing our student reach each year.

**JA Programs Event Volunteer**

**Position involves working with:**
- JA program staff
- High school teacher
- High school students
